## THE CPS PODCAST

**“Dr. Ross Greene**, originator of the Collaborative & Proactive Solutions model and author of The Explosive Child, Lost at School, Lost & Found, and Raising Human Beings, provides guidance to parents on understanding and helping kids with social, emotional, and behavioral challenges.”

“On the first Tuesday of every month, at 11 am Eastern time, from September through May, Dr. Ross Greene and Lives in the Balance Director of Outreach Kim Hopkins cover a wide range of topics related to children’s concerning behaviors in general and the Collaborative & Proactive Solutions (CPS) model in particular. You can call into the program to get your questions answered or submit them via email here. And, if you can’t listen live, all the programs are archived on i-Tunes.” Some of the episodes include:

↳ **Why is There Disproportionality of Punitive, Exclusionary Discipline in Schools?**  
Our guest hosts, Alex Spencer (formerly principal of the Alternate Learning Centers in the New York City Public Schools) and Ben Jones (Director of Legal and Policy Initiatives at Lives in the Balance) described their personal experience with and data related to the disproportionate use of punitive, exclusionary discipline with Black and Brown students and those with disabilities.

## **Monthly Book Corner: WHAT TO SAY TO KIDS WHEN NOTHING SEEMS TO WORK**

### **A Practical Guide for Parents and Caregivers**

**I don't want to! You love my sister more... I'm not talking to you...**

By Adele Lafrance, PhD and Asley Miller, MD. (2020) **What to Say to Kids When Nothing Seems to Work** offers parents an effective, step-by-step guide to some of the most common struggles for kids aged 5–12. Written by mental health professionals with over 30 years' experience listening to kids' thoughts and feelings, this book provides a framework to explore new ways of responding to your child that will help them calm down faster and boost their resilience to stress.

With a dose of humor and plenty of real-life examples, the authors will guide you to "build a bridge" into your child's world to make sense of their emotions and behavior. Sample scenarios and scripts are provided for you to customize based on your caregiving style and your child's personality. These are then followed by concrete support strategies to help you manage current and future situations in a way that leaves everyone feeling better. Chapters are organized by common kid-related issues so you can quickly find what's relevant to you.

Suitable for parents, grandparents, and other caregivers of children and pre-teens, as well as professionals working closely with families, **What to Say to Kids When Nothing Seems to Work** is an accessible resource for efficiently navigating the twists, turns, and sometimes total chaos of life with kids.

**Reviews:** "Read this book so that you can learn to read your children, responding not to their words, manner, or behaviour, but to the hidden emotional messages they are sending you. Parenting wisdom for those who want to connect with their children on the heart level."

**- Gabor Maté M.D., co-author, Hold On To Your Kids: Why Parents Need to Matter More Than Peers**

"**What to Say to Kids When Nothing Seems to Work** is exactly the guide that frazzled and over-extended parents need for handling tough moments with kids. This book allows us to analyze our own behavior and to see things from a kid's perspective, avoiding the knee-jerk response all of us parents later regret. Today's parents are often stretched very thin and running on empty, and this book can be a great help." **- John Gottman**, author of **The Seven Principles for Making Marriage Work**
