

Interior Community Services and Foster Parent Support Services Society are pleased to present

Internet Safety and Digital Literacy for Parents and Caregivers

This presentation is for foster parents, caregivers and teens. Kids are spending more time online to stay entertained and to stay connected with teachers, friends and extended family. This webinar serves as a 101 introduction on the many different subjects for families staying safe and private online. We address the immediate concerns and solutions caregivers can implement to raise digitally literate adults. Helping parents to proactively understand the enabling power of technology and mobile communications, but also how to mitigate the sometimes unintended consequences of high risk or undesirable online behaviour.

We are an internet safety and digital literacy education specialist company based in North America. Our mission is to provide students, teachers, parents, adults, businesses, and law enforcement with the knowledge and tools necessary in today's world." www.thewhitehatter.ca
