A little about Laurel:

I am Laurel White; I have been with BGC for 5.5 years. I am the Harm Reduction Coordinator at BGC WL. Harm reduction is not just my job. It is also something I am passionate about in my personal life as I, unfortunately, have lost people I loved to the toxic drug supply. I use my passion and role at BGC to meet people where they are and make sure they know they have space here to feel seen and heard!
